

USGA Rules on Talynt® Point

Decision #2007-771: The MIND Set from TALLY cannot be worn to assist a player in making a stroke during a round conducted under USGA Rules of Golf. This would be a breach of Rule 14-3a.

HOWEVER:

- It is PERMISSIBLE for a player to carry The MIND Set from TALLY on their bag during a round.
- It is PERMISSIBLE for a player to SQUEEZE the red foam ball (i.e. Talynt point) to release hand tension during a round; and
- It is also PERMISSIBLE to VISUALIZE the path of your Talynt point during a round to keep your thoughts occupied during your swing.
